(Filed August 10, 1999;
Petition to Modify filed
April 24, 2001)

O P I N I O N

This petition to modify Decision (D.) 00-01-022 was filed on April 24, 2001, by 360networks (USA) inc, the successor to Pacific Fiber Link, L.L.C. In its petition, applicant sought modification of its existing authority to permit it to construct three optical regeneration stations to serve a fiber optic project between the Oregon border and Sacramento.

Applicant filed for bankruptcy on June 28, 2001, both in Canada, where it is headquartered, and in the United States Bankruptcy Court for the Southern District of New York. At a Prehearing Conference conducted on November 9, 2001, applicant stated that it no longer seeks authority to construct the optical regeneration stations. Applicant moved for the withdrawal and dismissal of this petition for modification. The motion to withdraw the application is unopposed.

The motion is granted, and the petition for modification is dismissed.

This is an uncontested matter in which the decision grants the relief requested. Accordingly, pursuant to Section 311 (g)(2) of the Public Utilities Code, the otherwise applicable 30-day period for public review and comment is being waived.
